**General Information**
**RFP Title:** Integrated Regional Water Management Implementation Step 2 - Prop 50, Chapter 8 (Call Back Only)

**Submitting Organization:** Watersheds Coalition of Ventura County

**Organization:**
**Project Title:** PIN# 9604 - Watersheds Coalition of Ventura County IRWMP Implementation

**Project Description:** This Proposal consists of 11 projects representing the highest priorities of the Watersheds Coalition of Ventura County (WCVC) Region, which includes three watersheds: Calleguas Creek, Santa Clara River, and Ventura River. The projects in this Proposal provide a broad distribution of benefits across the entire county and focus on benefits to water supply, water quality, habitat, flood protection, and recreation. 8 of 11 proposed projects will reduce dependence on imported water supplies and protect, conserve and augment water supplies by either generating new local water supplies, protect existing water supplies, or more effectively utilize existing supplies. 8 of 11 of the proposed projects will protect and improve water quality by either removing existing water quality contaminants or preventing the discharge of future water quality contaminants to surface water or groundwater. 9 of 11 projects facilitate habitat creation or improvement.

**Q# Application Question**

**1. For a region that encompasses multiple counties, list the name of each county.**

**Answer:** The region only encompasses Ventura County.

**2. For a region that encompasses multiple watersheds, list the names of the watersheds other than the primary watershed.**

**Answer:** The region encompasses the Calleguas Creek Watershed, the Ventura River Watershed and the Santa Clara River Watershed.

**3. For a region that extends beyond more than one Regional Water Board boundary, list the name of each Regional Water Board.**

**Answer:** The region does not extend beyond the Regional Water Board Boundary for Region 4, Los Angeles Region.

**4. Enter the IRWM Implementation Grants, Step 1 FAAST PIN associated with this Proposal. Has the title of the Proposal changed from Step 1? Yes or No. If the answer is yes, please enter the Step 1 Proposal Title. If multiple proposals are being combined into one Step 2 proposal, provide all of the PINs and Step 1 Proposal Titles**

**Answer:** Yes

**Answer:** The Step 2 proposal includes a combination of the following PIN/Step 1 Proposal Titles: PIN#: 6984. Calleguas Creek Watershed IRWM Plan Implementation Grant, Step 1 PIN#: 6462. Ventura County Wide IRWM Plan Implementation Grant, Step 1

**5. Does the agency or organization have an adopted IRWM Plan or functional equivalent? Yes or No. If the answer is yes, please enter the IRWM Plan adoption date. If the answer is no, please enter the anticipated IRWM Plan adoption date.**

**Answer:** No

**Answer:** Currently, the Watersheds Coalition of Ventura County (WCVC) is preparing a consolidated IRWM Plan. The WCVC IRWM Plan will be adopted prior to January 1st, 2007.

**6. List the regional agency or regional water management group members that qualify as urban water suppliers and**

**will receive funding from the proposed grant (Guidelines, Section III). If there are none, so indicate.**

**Answer:** The following are Watersheds Coalition of Ventura County member agencies that qualify as urban water suppliers: Calleguas Municipal Water District Ventura County Waterworks District No. 1 Ventura County Waterworks District No. 8/City of Simi Valley City of Oxnard City of Fillmore Casitas Municipal Water District City of Camarillo Golden State Water Company

**7. Briefly describe how the proposal helps achieve the objectives of the IRWM Plan.**

**Answer:** WCVV IRWM Plan objectives are: reduce dependence on imported water & protect, conserve & augment water supplies (WS); protect & improve water quality (WQ); protect people, property & the environment from flooding impacts; protect & restore habitat & ecosystems in watersheds; & provide water-related recreational, public access & educational opportunities. The proposal helps achieve these by implementing projects (C-1-Brine Line, C-3-Camarillo GWTF, C-7-VCWWD1 Recycled Project, C-10-Calleguas Arundo Removal Project, C-11-TCWTP, SC-1-EI Rio GCEP, SC-2-Oxnard GCEP, SC-3-Fillmore Recycled Project, V-1-Ventura River Watershed Protection, V-2-San Antonio Spreading Grounds Rehab, & V-6-Senior Canyon Upgrades) that: generate new/local WS, protect existing WS, or more effectively use existing WS; either remove existing WQ contaminants or prevent discharge of future WQ contaminants to surface WS or GW; & either create habitat or improve existing habitat, & improve opportunities for recreation.

**8. Has the IRWM Plan or Proposal been altered since submitting the Step 1 grant application? Yes or No. If yes, the applicant must complete Attachment 14- Changes to Proposal from Step 1.**

**Answer:** Yes

**9. Does the Proposal include a project that will modify a river or stream channel? Yes or No. If yes, the applicant must complete Attachment 15- Modification of River or Stream Channel.**

**Answer:** Yes

**10. Does the Proposal assist in meeting one or more of the CALFED Bay-Delta Program goals? Yes or No. If yes, the applicant must complete Attachment 16 - CALFED ROD Consistency.**

**Answer:** Yes

**11. Are there any letters of support or opposition for the Proposal or individual projects contained within the Proposal? Yes or No. If yes, the applicant must complete Attachment 17- Letters of Support or Opposition.**

**Answer:** Yes

**12. Is the applicant or cooperating entity in default for any water rights permit requirements, including fee payment. Yes or No. If yes, please explain.**

**Answer:** No

**Answer:**

**13. Does the Proposal contain projects that have potential implications with respect to conflict between water users, water rights disputes, and/or interregional water rights issues? Yes or No. If yes, please explain.**

**Answer:** Yes

**Answer:** Water supply and quality remain challenging issues in the Region, as they are in all of Southern California. By reducing dependence on imported water and more efficiently managing local resources, the Proposal would help avoid or reduce any future water resource conflicts. In particular, the Region faces challenges associated with competing interests (agricultural, municipal and industrial, and environmental) and groundwater and surface water allocations.
